

Fischer Import GmbH
Ihr Importpartner für textile Werbeartikel

2026

Dear Business Partners,

We are currently seeing significant price increases and constraints in the transport and logistics sector.

The main causes are a sharp rise in energy and fuel costs (diesel/petrol), which are having a direct impact on freight rates. In addition, the tense geopolitical situation in the Middle East is leading to uncertainty and delays along key trade routes.

Another key factor is the disruption to the Suez Canal. This is resulting in longer transport routes, higher costs and delayed delivery times.

Overall, this is leading to increased freight rates and potential delays in supply chains. We are monitoring the situation closely and are working to minimise the impact on you as much as possible and to inform you of any relevant changes at an early stage.

Please do not hesitate to contact us at any time should you have any queries or require individual arrangements.

Kind regards,

Fischer Import GmbH
